

## Sandpiper Golf Resort: Home to History, Beauty & Diversity

For Immediate Release

May 30, 2011

(Harrison Mills, British Columbia) No, not Harrison Hot Springs but the place on the other side of the water. Harrison Mills- an undiscovered goldmine of adventure and rugged splendour complete with skiing, snowboarding, snowmobiling, ATVing, fishing, boating, horsebacking riding and forest golfing.

Sandpiper Golf Course is a resort-style course situated on a historic piece of land alongside the tranquil, aqua waters of the Harrison River, framed by the rugged backdrop of Mt. Woodside. It's 'forest golfing' at its finest with abundant wildlife consisting of eagles and sandpipers and two distinctly different environments — the open fairways alongside the river and the quiet serenity amongst the ancient 180 ft. Douglas Firs. Although Sandpiper Golf Resort opened up to the public in 1998, it is still one of Canada's best kept secrets.
