Salmon  
Sandpiper  
Sasquatch

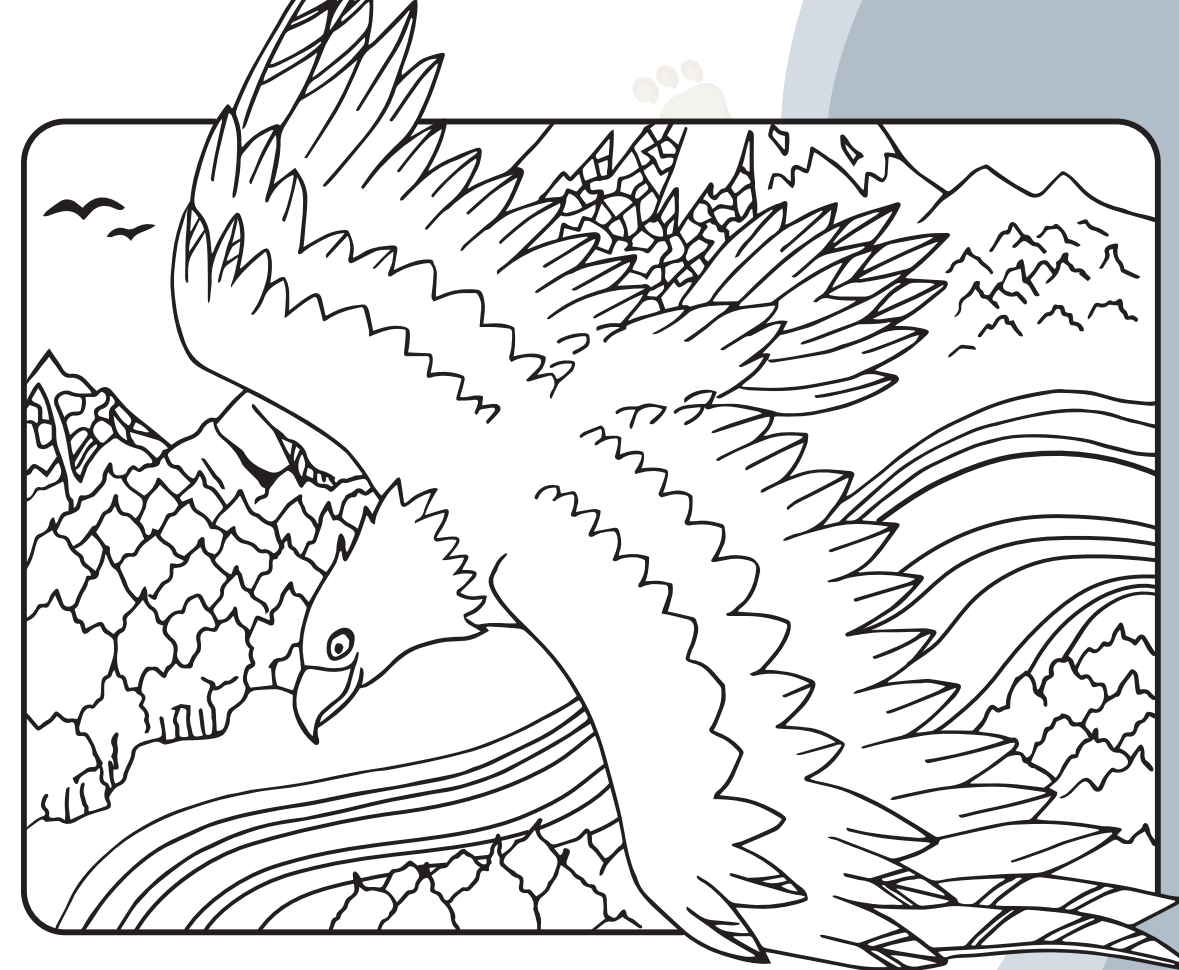

Uh oh! Golf balls landed in the way!  
Can you help figure out what  
they have covered up?

Sasquatch has visited during your stay.  
How many footprints can you find,  
before they fade away?

**Sasha the Salmon**  
and her friend are big fish.  
Each time they jump  
they make a big wish!

Can you spot seven  
differences between  
Sasha and her friend?  
Quick! Before they  
splash down again!

**Eddie the Eagle** flies high in the sky.  
He likes rainbows! Can you guess why?

Colour him bright, as he soars like a kite!

**Frankie the Fishing Boat**  
floats towards town.  
The Harrison River is  
their favourite place around!

See if you can make it  
through the Frankie Maze!
